

Speaker Registration for CEDPA Conference 2000

In Santa Barbara, California

November 15, 16, and 17th

This years conference is in Santa Barbara at the Fess Parker Double Tree Inn November 15, 16, and 17th. The theme of our conference this year is "Virtual Village" whereby the classroom is expanding to the community with the advent of the web. This virtual village is made possible through the use of technology. Via the web the traditional learning day can be extended beyond the walls of the classroom and beyond the typical school hours. Students and parents alike can access instructional materials, grades, homework, etc. at any time they want to via the web. They are no longer bound by just the classroom.

CEDPA K-12 Technologists, founded in 1960 and supporting California's educational technology community, is pleased to announce our upcoming **40th annual**. To find out more about our organization please visit us on the web at <http://www.cedpa-k12.org>. If you would like to be considered as a presenter for the conference please complete the information below and return it to Greg Lindner at the email address listed at the bottom of the form.
