

Call For Speakers

California Educational Data Processing Association

37th Annual Conference

October 29-31, 1997

Radisson Hotel, Sacramento, California

Are you interested in presenting at the 1997 CEDPA Conference? Breakout sessions are being developed and many opportunities to speak are available. If you have a unique application, experience in implementing new technologies, budget saving ideas, or an information management or technology story to share, please consider presenting a breakout session.

Some sample topics are:

- **COMPUTING IN THE CLASSROOM** - Collaboration between MIS and Instructional Technology
- **SUPPORT ISSUES** - Help Desks, Training, Equipment Maintenance
- **NETWORKS** - LAN/WAN connectivity involving the Internet, Novell, AppleTalk, UNIX, Windows NT, ATM, Fiber Optics
- **SECURITY ISSUES** - Use policies, firewall construction, proxy servers

Your participation could help make the 1997 CEDPA conference a real success. Suggestions for additional topics or roundtable discussions are welcome. Please contact Warren Williams, speaker chairperson, at (619) 465-3131, extension 295, by FAX at (619) 462-7420, or by Internet e-mail at wwilliams@grossmont.k12.ca.us.
